

Energy

Community Conversations

You are invited to a conversation about energy in our community. What can we do to lower our dependence upon fossil fuel? Can we cut our energy bills? Can we create local employment? Everybody is welcome.

When:

Where:

What time:

This is part of the process of preparing our own local “**Climate Action Plan**”.

For further information please contact _____
at _____

You are welcome to join the conversation and plan for our community
