

Food

Community Conversations

You are invited to a conversation about food in our community. What can we do to lower our dependence upon imported food? Can we create local employment? Can we develop a more sustainable food system that works for everyone? Everybody is welcome.

When: _____

Where: _____

What time: _____

This is part of the process of preparing our own local “**Climate Action Plan**”.

For further information please contact _____
at _____

You are welcome to join the conversation and plan for our community
