

Waste

Community Conversations

You are invited to a conversation about waste in our community. What can we do to lower our waste at home and collectively? Can we create compost as a business? Can we create local employment within a circular economy? Everybody is welcome.

When:

Where:

What time:

This is part of the process of preparing our own local **“Climate Action Plan”**.

For further information please contact _____
at _____

You are welcome to join the conversation and plan for our community
